

Internship/Coaching Introduction

Phoenix Strategies, Inc. (PSI) internship/coaching program consists of dispute resolution activities that support achievement of your goals. The intern/coachee pays PSI for assistance in achieving mutually agreed upon goals. (This is unlike many other internships whereby you are not assigned office work and you are not paid by PSI). PSI usually accepts one intern/coachee at a time. The process for acceptance includes: completion of an application by the intern/coachee; review of written goals by PSI; PSI and applicant discussion and refinement of goals as to attainability and measurability; and mutual agreement that internship/coaching relationship is desirable, realistic, meaningful and workable. The internships are usually completed in one year; however, PSI can not guarantee one year as the length of time is dependent upon your goals, your effort to achieve your goals and the dispute resolution processes available during the internship/coaching.

Internship/coaching Plan (See page 3 for an optional planning tool)

Goal: What measurable outcome would you like to realize at the completion of the internship?

Objectives: What measurable milestones or key result areas, support your goal success?

What action steps are essential to accomplish each objective?

I understand that the internship/coaching program includes preparation, mediation and debrief time with a minimum of 60 hours. The total fee to be paid by the intern is \$1830. Upon acceptance of the application, a \$600 internship/coaching fee plus \$30 enrollment fee is paid as a deposit by the applicant. (See the catalog for additional tuition, books and supplies fees are payable). Two additional installments of \$600 are due prior to the last billed hour of the previous installment date.

If your plan includes mediator certification, PSI will directly deliver a minimum of: 3 observations, 3 co-mediations and 3 lead mediations. The other mediations maybe with other mediators; however, the recorded debrief time will remain with PSI, when pre-planning or debriefing is by PSI or preapproved by PSI for other mediators. Cases may originate with PSI, other organizations or even by the intern. Internship completion is variable and can take up to 24 months depending of case availability and experience desired.

I agree to notify Phoenix Strategies, Inc. at least 48 hours in advance for any change in scheduled services that I commit to. If I fail to notify PSI 48 hours in advance, I agree to pay for the scheduled time and services and fee will be deducted and charged from the total commitment of fees. I also agree to pay the hourly rate even if the session ends earlier or pay for time over the scheduled time based on quarterly hour increments. Each mediation session will include preparation time of at least 15 minutes and debrief time of at least 30 minutes. It is my (the intern's/coachee's) responsibility to schedule this time with the mentor. If the time is not scheduled and not used, I will pay for the minimum times. I acknowledge cancellations by parties maybe evitable and I will not hold PSI liable for goals as I realize that I am ultimately accountable for goal achievement. If I turn down 3 coaching opportunities within in a calendar month, PSI may terminate the internship/coaching and I agree to pay the remaining balance of the \$1800.
